THE MAURITIUS COMMERCIAL BANK LIMITED

Abridged Unaudited Financial Statements - 31st December 2013

COMMENTS ON HALF YEAR RESULTS TO 31ST DECEMBER 2013

RESULTS

Group profits for the half year to 31st December grew by nearly 10% to Rs 2,455 million, with earnings from foreign-sourced activities and non-banking operations contributing above 50% thereto.

Underpinned by the continued rise in the loan portfolio, notably from our international operations, net interest income rose by 5.0% to Rs 3,752 million

Net fee and commission income grew by 9.3% to reach Rs 1,347 million, mainly supported by an appreciable increase in revenues linked to regional trade financing, loan facilities and cards related activities.

The share of income of associates rose by Rs 135 million on account of improved contributions from both Banque Française Commerciale (Océan Indien) and Promotion and Development.

Operating costs were well contained, with a 6.2% rise for the period, while impairment charges, which reached Rs 355 million, were virtually unchanged from last year.

Income tax charges increased by 22%, on the back of the rise in special levy applicable to Segment A operations to 10% of chargeable income, implying an effective tax rate of 25% on such activities.

PROSPECTS

Looking ahead, the operating environment in which MCB operates is expected to remain challenging. In fact, despite the foreseen pick-up in activity levels globally, economic growth in Mauritius would remain subdued for some time yet.

Nonetheless, MCB is well positioned to pursue its strategic orientations, a key thrust being the further diversification of its positioning in the sub-Saharan African region on account of the latter's appealing growth perspectives.

In line with on-going trends, MCB Group results for FY 2013/14 are likely to be better than those of the preceding financial year.

By order of the Board
