COMMENTS ON RESULTS 30TH JUNE 2013

RESULTS

Group results for the year ended 30th June 2013 rose by 4.9% to reach Rs 4,315 million. Consequently, earnings per share stood at Rs 18.15 as compared to Rs 17.32 in FY 2011/12.

Spurred by continued growth in the loan portfolio, especially outside Mauritius, net interest income increased by some 10% to reach Rs 7,047 million. These results are all the more encouraging when considering the lower domestic demand for credit, pressures on margins arising from heightened competition and particularly low yields on Treasury Bills.

Boosted by a significant rise in revenues associated with cross-border trade finance activity, net fee and commission income went up by some 18% to Rs 2,629 million. On the other hand, foreign exchange profits were down on last year on account of unfavourable market conditions.

While operating costs were fairly well contained, impairment charges doubled, owing essentially to our Global Business exposures. In spite of the latter, the share of foreign-sourced income to Group profits stood at 46% for the year.

PROSPECTS

The operating context of MCB Group is not likely to materially improve in the period ahead. In particular, operations in Mauritius are expected to be dampened by restrained growth and sluggishness in private investment unless there is a marked shift in the economic reform agenda with the adoption of far-reaching measures to boost the country's competitiveness.

Whilst endeavouring to promptly put in place the new Group structure as a basis for sustained growth, MCB is resolutely geared to further expand its foreign sourced activities with a key focus being to strengthen its market positioning in sub-Saharan Africa in view of the appealing prospects therein. With foreign-sourced activities expected to underpin growth in operating income, an improvement in results is foreseeable for FY 2013/14.

Our audit work has been undertaken so that we might state to the Bank's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Bank and the Bank's members as a body, for our audit work, for this report, or for the opinions we have formed.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Bank's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements on pages 3 to 79 give a true and fair view of the financial position of the Group and of the Bank at June 30, 2013, and of their financial performance and their cash flows for the year then ended in accordance with International Financial Reporting Standards and comply with the Companies Act 2001.
